

KRS-One, Stop Frontin'

[KRS-One]

Bo! Boom bye bye, hip-hop will never die
Despite the fact that I'm fly I'm never dry
You could beat me, cheat me, when you meet me try to defeat me
But nevertheless you'll have stress, cause I don't rest
You wanna know what my problem is, if you're curious??
I take this hip-hop shit too serious!!
I forget that other rappers ain't true to this
So when they grab the mic I get hyped like LET'S DO THIS!!
All my rhymes are fat, while rappers are skimpy, wimpy
So I simply chew they crew like a Blimpie
Skip me when you dissin, skip me when you on a ego mission..
I blow up, like nitroglycerin!
You better tune in to Teddy Ted
