

Krystal Harris, Lead Me

Oh oh oh yeah
Oh no no no no no

Lately something's come over me
I once was blind, oh but now I see
A power running through my soul
Giving me control
Making me feel whole

(Chorus)

Lead me, all through the days I go
I need you all through my life I know

All my life I felt that I
Would rise above and reach the sky
All I needed was a helping hand
And there you were
For me once again

(Chorus)

(I need you in my life)
(I need you)

Now I can thank you
For showing the way
Keeping me strong
Every day
All because of you
I can do anything
Lead me home
Lead me home

Please don't leave me
Don't go away
Cause I need you to stay in my life

(Chorus 2x)

Cause I need you to stay in my . . .
