

# Krzysztof Kreft, Dancing On The Table

1. Do you know?

Do you know my moves?

I could let you groove in my room

I wanna dance all night long

And scream and shout

Come with me, baby

Can you feel the pleasure?

Can you feel the heat on my skin?

Can you feel the beat of my heart

Or someone on my radar?

I don't wanna feel the pain

I wanna fill your veins and again...

Hey you, dance for me

Be the one I need

Lay next to me

Tonight dance with me

Chorus: Dance with me on the table

I wanna show you my moves

I wanna fuck with you on the table

Don't stop me now

Baby don't stop me now

2. Do you know what I want to say

Or show you when it's dark?

You know me as a good guy

No one can stop me now

No one can show me how

How to breathe faster

When you know it will be harder

When you know it will be better

I wanna show you my moves

You'll never be in a better mood
