

KT Tunstall, Fade Like A Shadow

You grew wings, on your heart
But you let it out your ribcage,
And it flew into the dark
Like a ghost, just like a ghost
And it flutters by my window
When I need my sleep the most..

So choose my weapon and choose my way
It's easy saying nothing when there's nothing to say
Thinking about it everyday, starting to notice you're fading away

Fade like a shadow, fade like a shadow, fade like a shadow...

You want eyes, in your hands,
And power in your pocket,
To stop to watch you dance

With your hips swinging they shake, hips swinging, got your
Hips swinging, they shake, hips swinging, got your
Hips swinging, they shake, hips swinging, again...

Got your hips swinging, they shake, hips swinging, got your
Hips swinging, they shake, hips swinging, got your
Hips swinging, they shake, hips swinging, again, again and again, and again

So choose my weapon and choose my way
It's easy saying nothing when there's nothing to say
Thinking about you everyday, starting to notice.

Two steps forward and one step back,
Make up in love what you think I lack,
You've got a vampire on your neck,
Everybody knows what happens next

You fade like a shadow, fade like a shadow, fade like a shadow, fade...
