

# KT Tunstall, Immune

Lala Lalah Lala..  
Lalah Lala La..

You never Find your way  
Lala Lalah Lala..  
If you never ask anybody  
And your eyes are all ablaze  
Lala Lalah Lala..

And there's no complicity  
Lala Lalah Lala..  
If you haven't got anybody  
I can see it in your gaze  
Lala Lalah Lala..

And I..  
I know you  
And I know-oh what you do

Oh and you can try  
You can try and hide away  
You can try and hide away  
But you know that you're not immune  
Any more  
Lala Lalah Lala..  
Lalah Lala La..

And it doesn't really matter-nono  
(Lala Lalah Lala)  
If you shatter all your dreams  
You can glue the pieces-yeah

And I don't even care-nono  
(Lala Lalah Lala)  
If you don't notice-a me  
Cause i dont want excuses any more-nono

Cause I, I Know a-you  
And i know what you do  
Oh and you can try,  
You can try and hide away  
You can try and hide away  
But you know that you're not immune

No you're not immune  
You're not immune  
You're not immune any more  
You're not immune  
You're not immune any more-ah

Nada da da yeah  
Da da yeah  
La dada da dah... You can try and hide away  
But you know that you're not immune  
any more..
