

KT Tunstall, Universe & U

A fire burns
Water comes
You cool me down
When I'm cold inside
You are warm and bright
You know you are so good for me

With your child's eyes
You are more than you seem
You see into space
I see in your face
The places you've been
The things you have learned
They sit with you so beautifully

You know there's no need to hide away
You know I tell the truth
We are just the same
And I can feel everything you do
Hear everything you say
Even when you're miles away
Cos I am me, the universe and you

And just like stars burning bright
Making holes in the night
We are building bridges

You know there's no need to hide away
You know I tell the truth
We are just the same
And I can feel everything you do
Hear everything you say
Even when you're miles away
Cos I am me, the universe and you
I'm the universe and you

When you're on your own
I'll send you a sign
Just so you know
That I am me, the universe and you
The universe and you
The universe and you

I am the universe and you
