

Kultur Shock, God Is Busy, May I Help You?

I know, I'm stranger in your land,
I know, ladies and gentlemen,
I know, I am coming here to stay,
And take your jobs away.

And you know, I will trade your soul for mine,
Freedom doesn't cost a dime,
Don't waste your time, religion is crime,
I can make your problems go away right now,

'cause God is Busy, may I help you?

I know, stayed way too long,
I know, we are not cute anymore,
I know, you will never hear this song
On the radio.

An you know, every word is truth and I,
I can make you laugh and cry,
And slivovica, rakija,
She can make your problems go away right now,

'cause God is Busy, may I help you?
