

Kwiet Storm, Uum

[Intro: Group]

Umm

Umm, umm, umm

Umm

Umm

[Verse 1: Lucky (group)]

When I think about all the things you've done

It sends a chill up and down my spine

Just to know that you are mine

And at night, when I close my eyes

I'm dreamin' only of you and how you do what you do

(Climbing on top, makin' me feel)

Like no other girl has made feel

Girl you put it on me

Now baby it's time for some bump and grind

Tell me what's on your mind as I come inside

[Chorus: Group (Lucky)]

Let me work your body like umm

If you like the way it feels say umm (If you like the way it feels say umm)

I'm all up on your body like umm (yeah yeah)

I can hear your body callin umm (callin' me, callin' me)

[Verse 2: Jon Wain]

So funny how those things keep runnin; through my mind

Like every time I think of you it makes me cry, cry

In a way that no ones but only me

I'm so sorry for the way you feel, it's not intentionally

(Let's get back to reality)

See reality is what we need to make this thing so sweet

For you and me

The things we do

The way we roll and how we know each other

I place no one above you

[Chorus 2x: Group (Jon Wain)]

Let me work your body like umm (no no)

If you like the way it feels say umm

I'm all up on your body like umm

I can hear your body callin umm (callin')

Say Kwiet Storm, break it down

[Bridge: x2]

I'm a make ya moan (make ya moan)

Do it all night long.

Just you and me between the sheets (between the the sheets)

Baby (Lady)

You on top of me (girl)

Let me rub ya down and show you how I get down (and show you)

Lady (Lady)

[Chorus x3: Group (Lucky)]

Let me work your body like umm (work body, yeah)

If you like the way it feels say umm (ooooo ohhhhh)

I'm all up on your body like umm (ohhhh no)

I can hear your body callin umm (I can hear ya body callin me, yeah)
