

Kylee, Vacancy

No one wants to wake up to an empty home
No one ever wants to be alone
It's not so easy to let them go
The ones that you love

Now that you're gone, who will make me smile?
Who will pick me up when I fall down?
Who will be there to tell me right from wrong?
I regret letting you go

I have this vacancy in my heart
There's just something that's always tearing me apart
I don't know why I ever let you go
Now, there is no one to bear with me

Everyday I wake up thinking it'll be okay
'Cause you promised me that, you'd come back some day
My heart is throbbing but I will wait
And I'll strive... to stay strong

And I will always miss you
But I can't take it anymore
What if your that one they said
that passed away, oh no

I have this vacancy in my heart
There's just something that's always tearing me apart
I don't know why I ever let you go
Now, there's no one to bear with me

And I miss you and love you and I will hold on
And I know there's a chance that you will come back, oh ooh
And I dream of the day that you'd come back home
And I hope that you know

I have this vacancy in my heart
There's just something that's always tearing me apart
I don't know why I ever let you go
Now, there's no one to bear with me

I have this vacancy in my heart
There's just something that's always tearing me apart
I don't know why I ever let you go
Now, there's no one to bear with me

Bear with me
