

Kylie Minogue, 10 Out Of 10 (feat. Oliver Heldens)

You know I'm gonna give you ten out of ten
Know I'm gonna love you, love you to death
Baby, all night again and again
Yeah

You know I'm gonna give you ten out of ten
That'll give you something you can't forget
Baby, all night again and again

Ten out of ten

Body, ten
Touch, ten
Energy, ten
Ten out of ten

Body, ten
Touch, ten
Energy, ten
Ten out of ten

You messin' with a dime, top of the line
Look so good, it should be a crime
Runnin' your mind all day and all night
Wanna kiss me where the sun don't shine
Wow wanna devour
Me, boy, I might get wet, bring a towel
After we're done, let's hop in the shower
Countin' the seconds, minutes, and hours

You got my full attention
Spend it all on ya
Yeah
I don't do halfway loves
Not once my minds made up

You know I'm gonna give you ten out of ten
Know I'm gonna love you, love you to death
Baby, all night again and again
Yeah

You know I'm gonna give you ten out of ten
That'll give you something you can't forget
Baby, all night again and again

Ten out of ten

Body, ten
Touch, ten
Energy, ten
Ten out of ten

Body, ten
Touch, ten
Energy, ten
Ten out of ten

I could love you perfectly
Come fulfill your fantasy
Make your dream reality
Show you every part of me
One hundred percent
I ain't on the fence
Never been
Be your medicine
Come and get your fix

Ooh ya

You got my full attention
Spend it all on ya
Yeah
I don't do halfway loves
Not once my minds made up

You know I'm gonna give you ten out of ten
Know I'm gonna love you, love you to death
Baby, all night again and again
Yeah
You know I'm gonna give you ten out of ten
That'll give you something you can't forget
Baby, all night again and again

Ten out of ten

Body, ten
Touch, ten
Energy, ten
Ten out of ten

Body, ten
Touch, ten
Energy, ten
Ten out of ten
