

Kylie Minogue, Burnin' up

Down to the disco
Everything stops
Walking in solo
Everyone drops
Hey summer madness
Totally cool
My heart starts racing
When I see you
I'm burning up baby
I'm burning up
Can you feel it burning me
My pulse is pumping
My heart may burst
If you drink me up
I'm gonna quench your thirst
You're not that honest
No, you're not that nice
But if I kiss you once
I'm gonna kiss you twice
I'm burning up baby
I'm burning up
Can you feel it burning me
