Kylie Minogue, Closer

Nothing, nothing Nothing I like better Together, now together Nothing I like better

Closer

Sometimes
This feels so right
I'm losin' my mind
I wish that we could stop
And stop time
Then we could be together
All night
There's nothing I like better

Getting closer (Closer) Closer (Closer)

Closer, closer, closer, closer Closer, closer

Nothing, nothing Nothing I like better Together, now together Nothing I like better

Closer

Somehow I stop myself from cryin' Out loud When I'm with you 'Cause I'm so proud To be your only lover And now There's nothing I like better

Getting closer (Closer) Closer (Closer) Closer (Closer) Closer (Closer)
