Kylie Minogue, Confide In Me

I stand in the distance I view from afar Should I offer some assistance Should it matter who you are

[Bridge:]
We all get hurt by love
And we all have our cross to bear
But in the name of understanding now
Our problems should be shared

[Chorus:] Confide in me, confide in me

I can keep a secret And throw away the key But sometimes to release it Is to set our children free

[Bridge]

[Chorus 2x]

Stick or twist the choice is yours Hit or miss what's mine is yours Stick or twist the choice is yours Hit or miss what's mine is yours

[Bridge]

[Chorus 4x]
