

# Kylie Minogue, If You Don't Love Me

You can tell me anything  
You can tell me anything  
I'll believe you

You know it too  
Share the truth with lies  
Set aside one lies  
Will you realise

[Chorus:]  
If you don't love me  
You don't love me  
I will know  
If you don't love me  
You don't love me

You can ask me anything  
You can ask me anything  
I will do it

You know it too  
Nothing that I'll do  
If you want me to  
And it's all so true

[Chorus]

I'll know
