Kylie Minogue, If You Don't Love Me

You can tell me anything You can tell me anything I'll believe you

You know it too Share the truth with lies Set aside one flies Will you realise

[Chorus:]
If you don't love me
You don't love me
I will know
If you don't love me
You don't love me

You can ask me anything You can ask me anything I will do it

You know it too Nothing that I'll do If you want me to And it's all so true

[Chorus]

I'll know
