

Kylie Minogue, Look My Way

I need you
But you never seem to notice me
I Want you
But I think maybe something's wrong with me

You're the one that I long for (you are the one)
I'm just trying to catch your eye, oh boy
You could make me so happy, woh-oh

[Chorus:]
If you would look my way
I would give everything I have to you
Look my way, oh
Show me that you want me too

When I see you
You bring out a special need in me, ahh
I wanna hold you
Hold you very close to me

I can't think of another (another love)
Who could make me feel the way you do
You could make me so happy, woh-oh

[Chorus]

Oh, show me
Show me that you want my love
Oh, hold me
Give me what I'm dreaming of

You're the one that I long for (you are the one)
I'm just trying to catch your eye, oh boy
You could make me so happy, woh-oh

[Chorus]

[Repeat and fade]
