

# Kylie Minogue, Nu-Di-Ty

I like it  
Nu nu di di ty  
Burning down the scene  
Nu-di-ty (whoa)  
Hang your coat up  
Hang your coat up  
Lock the doors up  
Lock the doors up

Let the steam rise in the skylight (alright)  
Alright, are you ready to let it go tonight? (tonight)  
Do your own thing with your own thing  
Whoa, shake a hip  
It's getting cool swing  
Ooh ooh, guess who is watching now?  
Look, look, looking wow

Flash it in fashion with me  
Skin to skin, body to body  
Dare to ever let me see  
Nu-di-ty

Nu nu di di ty  
Nu-di-ty

Time to strip down  
Time to strip down  
Just pop that zipper for me  
And work that thing out  
Just expose it  
Cuz you know it's, alright (alright)  
Are you ready to let it go tonight? (tonight)

Let it go, here we go  
Just let it slip inside  
That's right, here we go  
One button at a time  
Who cares who sees tonight?  
Look, look, looking wow

Flashing in fashion with me  
Skin to skin, body to body  
Dare to ever let me see  
Nu-di-ty
