

Kylie Minogue, Tension

I'm a star babe-babe-babe
Do this all day-day-day
Cool like sorbet-bet-bet
(Cool like sorbet-bet-bet)
Bet you can't wait-wait-wait
Hands up on me-me-me
Hot like chilli-li-li
(Hot like chilli-li-li)

Ooh, letting me fill up your mind
Everyday and every night
It's the way I make you feel
Baby there ain't nothing better
And I could do this forever
With you, with you, with you
Uh, uh

All night, touch me right there
(Do, do, do, do)
Touch me right there
(Do, do, do, do)
Touch me right there
Baby break the tension
All night, touch me right there
(Do, do, do, do)
Touch me right there
(Do, do, do, do)
Touch me right there
Baby what you missing

Oh my god, touch me right there
Almost there, touch me right there
Don't be shy, boy I don't bite
You know where, touch me right, tou-, tou-
Oh my god, touch me right there
Almost there, touch me right there
Don't be shy, boy I don't bite
You know where, touch me right, tou-, tou-

(Oh) Touch me right there
Touch me right there
Touch me right there
Baby break the tension
(Oh) Touch me right there
Touch me right there
Touch me right there
Baby break the tension

Call me Kylie-lie-lie
Don't imitate-tate-tate
Cool like sorbet-bet-bet
(Cool like sorbet-bet-bet)
I'm your escape-cape-cape
I'm your vacay-cay-cay
Hot like chilli-li-li
(Hot like chilli-li-li)

Ooh, letting me fill up your mind
Everyday and every night
It's the way I make you feel
Baby there ain't nothing better
And I could do this forever
With you, with you, with you
Uh, uh

All night, touch me right there
(Do, do, do, do)
Touch me right there
(Do, do, do, do)
Touch me right there
Baby break the tension
All night, touch me right there
(Do, do, do, do)
Touch me right there
(Do, do, do, do)
Touch me right there
Baby what you missing
