Kylie Minogue, Your disco needs you (spanish)

Your disco, your disco needs you Your disco, your disco needs you Desperately seeking someone, willing to travel You're lost in conversation and useless at Scrabble Happiness will never last, darkness comes to kick your ass So let's dance through all our fears, war is over for a bit The whole world should be moving do your part, cure a lonely heart. Your disco, your disco needs you Your disco, your disco, your disco needs you We're sold on vanity, but that's so see through Take your body to the floor, your disco needs you From Soho to Singapore, from the mainland to the shore So let's dance through all our fears, war is over for a bit You're a slave to the rhythm do your part, cure a lonely heart. Oooh Oooh, Oooh Oooh Oooh Ahaaaaaaaaaa Oooh Oooh, Oooh Oooh Oooh Ahaaaaaaaaaa.
