

Kym Marsh, Shine On Me

(Shine on me)

If you look at me you'll see an ordinary girl
Trying to make it through this extraordinary world
Trying to find out who I am
Trying hard to understand
What a girls supposed to do
Everybody wants to find someone to light the way
Wanna find that someone who can turn night in to day
And its from this moment on
That I know where I belong
I've been waiting oh so long
For this beautiful night
You're shining so bright
Been living in darkness
Now I see the light
And all that I need
Is you as my lead
To shine on me

(shine on me)

Now I've let my guard down, got undressed and here I stand
I've got no more secrets, no more tricks, I've played my hand
Cos my mission is complete
It was you I had to meet
Now we're dancing in the streets
On this beautiful night
You're shining so bright
Been living in darkness
Now I see the light
And all that I need
Is you as my lead
To shine on me

Shine, shine, shine, shine on me
Forever let your love shine on me
Shine, shine, shine, shine on me
For this beautiful night
You're shining so bright
Been living in darkness
Now I see the light
And all that I need
Is you as my lead
To shine on me

(Oh no)

For this beautiful night
You're shining so bright
Been living in darkness
Now I see the light
And all that I need
Is you as my lead
To shine on me
Cos all that I need
Is you as my lead
To shine on me
