

La Mafia, Angels And Miracles

Angels and miracles don't mean a thing
When it's Saturday night and the phone don't ring
You're sittin back looking at where you've been
And the hole in your roof lets the rain fall in
Angels and Miracles might bring you hope
But me I'm over here at the end of my rope
I know I slipped up and took a hard fall
But now I'm back ready to give you my all

The only thing I found was in you babe
Oh I need you more than ever
You're the only thing I found that was true babe
Angels and miracles don't mean that much these days

Angels and miracles you won't find them here
Just when you need them they all disappear.
I may be a fool but this much I know
I better start walking got a long way to go

The only thing I found was in you babe
Oh and I need you more than ever
You're the only thing I found that was true babe
Angels and miracles don't mean that much these days

The only thing I found was in you babe
And I need you more than ever
You're the only thing I found that was true babe

Angels and miracles are needed more these days

I need you more than ever

Oh yes I do.
