

# La Sexorcisto, Warp Asylum

Been down yeah!  
Well I look down and my mind blows away  
Deep in the darkness "illuminate"  
Beyond a million miles  
Something slid up to my head  
Circling around (in) my eye - eye - eyes  
And I said, "Smooth operator" sez: Get up - get up and outta here,  
Smooth operator sez: Yeah!  
Lights band the traffic thunder two blocks west of the rest  
Tore away the bottom and saw life is a test (life is a test)  
Beyond 1,000,000 miles  
Well I ricocheted through my head  
One hand kill the other's cra-a-crazy  
What she said - Smooth operator sez: Get up - get up and outta here,  
Smooth operator sez...  
Sail into nightghost ship a tripping

Struck by the plunge something to see - yeah!  
Bootleg the girl - she is a looka  
Pure is the fear that breaks away. (Yeah)  
Straight to the sun I am a walk'n state of the art - all that I see  
(Yeah)  
New gods move whipp'n the shore and dash on the reef - surf city...  
(Well) I walk alone and stare, man, right in the sun  
(Yeah!) Tear-jerk asylum and cemetery run (cemetery run)  
Well, how'd I ever get this far, man?  
Smooth curves switchback the sweat  
Underneath the body, baby - where what you see is what you...  
see and...  
what you...  
GET!
