

La Sexorcisto, Warp Asylum

Been down yeah!

Well I look down and my mind blows away

Deep in the darkness "illuminate"

Beyond a million miles

Something slid up to my head

Circling around (in) my eye - eye - eyes

And I said, "Smooth operator" sez: Get up - get up and outta here,

Smooth operator sez: Yeah!

Lights band the traffic thunder two blocks west of the rest

Tore away the bottom and saw life is a test (life is a test)

Beyond 1,000,000 miles

Well I ricocheted through my head

One hand kill the other's cra-a-crazy

What she said - Smooth operator sez: Get up - get up and outta here,

Smooth operator sez...

Sail into nightghost ship a tripping

Struck by the plunge something to see - yeah!

Bootleg the girl - she is a looka

Pure is the fear that breaks away. (Yeah)

Straight to the sun I am a walk'n state of the art - all that I see

(Yeah)

New gods move whipp'n the shore and dash on the reef - surf city...

(Well) I walk alone and stare, man, right in the sun

(Yeah!) Tear-jerk asylum and cemetery run (cemetery run)

Well, how'd I ever get this far, man?

Smooth curves switchback the sweat

Underneath the body, baby - where what you see is what you...

see and...

what you...

GET!
