

# Labyrinth, I Feel You

My old words and new dreams  
Without taste or ideas  
And your eyes make me scream  
And my fear disappears

Oh, there is  
No true love, oh

I feel you  
Soft music is moving so lightly  
A world that's exploding inside me

I feel you  
Emotion is coming so brightly  
Your heartbeat is pounding around me

Mi ami o no?  
Mi ami o no?  
Mi ami...

A sweet memory of you  
And a song on the way  
And the shadows of truth  
Are flying away

Oh, there is  
No true love, oh

I feel you  
A beautiful lonely old statue  
Don't leave me, you need me, come closer

I feel you  
Lost island somewhere in the ocean  
Two lovers are playing their first game

Mi ami o no?  
Mi ami o no?  
Mi ami o no?

I feel you  
Strange visions are changing the desert  
A wind full of dust wants to blind me

I feel you  
A taste of the wild love inside me  
I'm dying to meet you

Mi ami o no?  
Mi ami o no?  
Mi ami o no?

I feel you  
I'm dying to meet you
