Lace, Life Is So Good

(Chris Farren/Deana Carter)

If I wanted it easy I'd a been gone by now If I though it was simple I'd have figured it out But this thing called love takes everything that I've got I'm not sure what it is but I'm sure what it's not 'Cause baby you and I got different ways of saying the same thing 'cause

Love is hard from start to finish And if you love you gotta put your whole heart in it And if it's right you'll know in a minute Doin' things you never thought you could Love is hard, but baby life is good

We can say things that cut to the bone We want to be together but we want to be alone Sometimes it seems we're on different tracks We might walk away but we'll always come back Baby you and me got different ways of saying the same thing We both know

Love is hard from start to finish

And if you love you gotta put your whole heart in it And if it's right you'll know in a minute Doin' things you never thought you could Love is hard, but baby life is good

Oh, so good

Love is hard from start to finish And if you love you gotta put your whole heart in it And if it's right you'll know in a minute Doin' things you never thought you could Love is hard, but baby life is good

Love is hard Life's so good Love is hard Life's so good Love is hard Life's so good Love is hard Life's so good
