

Lachie Gill, Hate That You Hurt

When a moment is all it takes
When the smile on your face is true and fake
And I know that these words won't work
But I hate that you hurt

I can tell that you're trying to hide
Selflessly sad at my happiest time
And I know that you were and you weren't
But I hate that you hurt

Tell me is this really how you feel
Can you really be happy and sad at the same time
Waited my whole life to make this real
I don't want to be happy and sad at the same time

It was quiet and now it's loud
But it's only you who I want around
And it's hard that our future's blurred
But I hate that it hurts

Tell me is this really how you feel
Can you really be happy and sad at the same time
Waited my whole life to make this real
I don't want to be happy and sad at the same time

Just hold on the line it won't be tonight
Baby we'll learn
Just give me the time we'll make this right
I still hate that you hurt

Tell me is this really how you feel
Can you really be happy and sad at the same time
Waited my whole life to make this real
I don't want to be happy and sad at the same time
I don't want to be happy and sad at the same time
