

# Lacuna Coil, Fragments Of Faith

It's not the way to cross the faith  
The promise has been broken  
My disease, everlasting  
Let me bleed forever  
I have to wait  
Come and get me  
Lost in here, I'm nothing  
Tie my hands  
Let me feel alive one more time

Where is the pain?  
Somewhere down

Can you feel it?  
Don't you know there is no time?  
Can you feel it?  
Don't you know there is no time?

My halo fades  
Sin is calling  
The promise has been stolen  
My disease, everlasting  
Let me dream forever  
My soul to take  
Come and get it  
Lost in here, I'm nothing  
Tie my hands  
Let me feel alive one more time

Can you feel it?  
Don't you know there is no time?  
Can you feel it?  
Don't you know there is no time?

Can you feel it?  
Don't you know there is no time?  
Can you feel it?  
Don't you know there is no time?

Never let it go

Can you feel it?  
Don't you know there is no time?  
Can you feel it?  
Don't you know there is no time?
