

# Lady Sovereign, 9 To 5 Lady Sovereign Vs The C

I wake up late every morning  
Manager's calling, I'm still yawning  
Get up, wake up, hair and makeup  
Waiting for you, don't be stalling  
This performance is important  
I don't think I can put my all in

Hold on I was drunk last night  
Now it's all kicking in and I don't feel right  
Gave my number to a breh who wasn't my type  
Now my phones on silent; I'm being polite  
Private caller's gettin no love from me  
Just let me be

Chorus:  
Oh my gosh, my days are getting longer  
And there's no turning back; I'm working the 9 to 5  
Just to keep my contract, did I say 9? I meant 1:30  
I am no early birdy, I'm working the 9 to 5

La, La, La

So you gotta...do...sum...ite... for...channel...u  
Channel who sorry who I'm altered for a snooze  
Oh! Channel U da ones that made me huge!  
Like Katie Price's boobs  
Whoops, I'm being rude  
Wheres my Red Bull and my sandwich, I need food  
I can't handle this  
I'm getting pissed like pampers throwing a tantrum  
&quot;Action&quot;;  
Nah I'd actually rather catch my z's, and count sheep in my sleep  
Lets not wake her up actually looks quite sweet

Chorus:  
Oh my gosh, my days are getting longer  
And there's no turning back; I'm working the 9 to 5  
Just to keep my contract, did I say 9? I meant 1:30  
I am no early birdy, I'm working the 9 to 5

I'm not sure what day just started  
Since my working week departed  
Ever since our single charted  
This pursuit's been everlasting  
I clocked in about a year ago  
And I haven't clocked out from the studio  
Videos and TV shows  
Staring out the window on the road  
Now there's sometimes we don't get paid  
For these rampages on these stages  
I know that I won't get jaded  
I won't go back to my minimum wages

Chorus:  
Oh my gosh, my days are getting longer  
And there's no turning back; I'm working the 9 to 5  
Just to keep my contract, did I say 9? I meant 1:30  
I am no early birdy, I'm working the 9 to 5

Chorus:  
Oh my gosh, my days are getting longer  
And there's no turning back; I'm working the 9 to 5  
Just to keep my contract, did I say 9? I meant 1:30  
I am no early birdy, I'm working the 9 to 5
