Laid Back, It's A Shame

It's a shame shame second time it's never the same

It's a shame shame if you wanna do it again. Last night you said: Please don't go

Last night you said: I wanna know for sure.

Two steps from heaven high on a mountain top

Two steps from heaven I just can't get enough. It's a shame shame shame second time it's never the same

It's a shame shame if you wanna do it again. True love will never die true love will never die

True love will never die if it's true.

It's a shame shame second time it's never the same

It's a shame shame if you wanna do it aaain. First time so real I just wanna know how you feel

First time you said: I wanna know for sure.

Two steps from heaven high on a mountain top

True love will never die true love will never die. true love will never die.
