

# Laika, Leaf By Leaf

Come fly with me  
Leaf by leaf a bumblebee  
If I weren't me who would I be  
Leaf by leaf rocks and trees

All is all is everything  
Leaf by leaf wedged inbetween  
A desert rose an ocean breeze  
Leaf by leaf just let me be

Sailing through the milky way  
Leaf by leaf cares fall away  
Shining bright all silver-grey  
Leaf by leaf night and day

Gliding by on water wings  
Leaf by leaf the starling sing  
Holding on by fragile string  
Leaf by leaf...
