

# Lake, Dancin

Stevie told me a friend was a friend I should need  
Like a brother  
And Mona said she was head over heels with me  
And no other  
Had me believing whatever I see was so real  
(was so real)  
Their really making a fool outa me its a steal  
(Its a steal)

I could Have taken all  
The do Ray me  
And the talk around the town  
But nothing ever got me down  
Till I saw her dancin with Steve  
I saw her dancin with Steve

Mona told me our love was the blue of the sea  
I believed her.  
Cast your fate to a friend and youll knon what I Mean  
Its Disaster

I could Have taken all  
The do Ray me  
And the talk around the town  
But nothing ever got me down  
Till I saw her dancin with Steve  
I saw her dancin with Steve
