

# Laleh, Tell Me

Tell me something else  
Tell me that you will change  
Tell me something else  
Dont repeat again  
Tell me something new  
Say another tune  
Show me something else  
Another side of you

Did u never think that I might go  
Did u never thing I might not take it any more..

Sow me something else  
Sow some grace  
Cause I cant base no love  
On the beauty of u face  
Convince me in away  
So we survive  
Show me another u  
Show me another side

Did you never think

Tell me something else  
Tell me that you will change  
Tell me something new  
Dont repeat again  
Tell me something else  
Say another tune  
I cant wait no more  
Waiting by the door..
