

# Lamb Of God, The Faded Line

Witness shame's parade  
The pain of blame repaid  
It's fucking hopeless  
Accusations and denial  
Hopeless...demon of another day  
Colorless...stoned, solid grey  
Emptiness...of promises I made  
So faithless...the tenants long betrayed  
Walk the faded line, cursed crawl of time  
Silence, the only promise ever kept  
Familiar touch, a ritual to numb the cut  
Salvation in vice  
Anguish is realizing what could have  
Been, but never was  
It's emptiness that fills the cup  
Devotion in the method of my fall  
Pointless...futility continuing  
Endless...flowing corrupted vein  
Walk the faded line, cursed crawl of time  
Silence, the only promise ever kept  
It's fucking hopeless  
Hopeless
