

# Land of Tales, Fading away

Cold tears in your eyes  
out on the desert the shadows fly  
Time is like a mirror  
it undresses you  
if you take your chance  
you can walk right through  
Fading away like a morning rain  
Say goodbye let the children play  
Fading away wind is blowing through your days  
Fading away  
Cold tears in your eyes  
through the mirror the shadows fly  
Just close your eyes  
and walk with me  
time will answer  
and you will see  
Fading away like a morning rain  
Say goodbye let the children play  
Fading away wind is blowing through your days  
Fading away  
Cold tears in your eyes  
out on the desert the shadows fly  
Time is like a whisper  
it's like a warm hand  
it's a ray of light  
a line on the sand  
Fading away like a morning rain  
Say goodbye let the children play  
Fading away wind is blowing through your days  
Fading away
