

Landau James E.F, Oy Vey

BLUMBERG

I am using the word "oy",
True, he did at times annoy,
Pittman was a bad, bad boy,
But why must someone employ
Forces that they could deploy,
And have them seek-and-destroy
Just when we were all full of joy
And gay?

Oy vey!

Although I eat bagels and lox,
It still seems a paradox
That when the Grim Reaper stalks
Up behind and finally knocks
At the door of who gives talks
That exalt the Aryan stocks
That I should break the ice blocks

To say,

Oy vey!

Could this be the start of something eschatological?

Well, even if you find that illogical,

Let us pray

For a happier d-

Nouement and day ----

Oy vey!
