

# Larger Than Life, Blind, Deaf, And Dumb

take me by the hand  
help me understand  
this world that I've been born into  
fill me up with lies  
don't you know it's true?  
we were born to bleed  
red and blue

take a seat, listen up  
I know we screwed up  
you've got to listen  
to your elders  
give me something to respect  
or I shall reject  
my d-generation's anthem

you drown me out with  
your patriotic non-sense  
you try and tell me  
how this is your land  
but this time I won't be  
the one to fall back  
for once in my life  
I'm gonna take a stand

I refuse to believe in  
a life filled with greed  
the structure of society  
time passes me by  
and I wonder why  
we are so blind  
that we can't see

blind, deaf, and dumb america  
we are all so  
blind, deaf, and dumb

now that I've made my case  
throw it back in my face  
as if it mattered  
my mind already been shattered  
by all the things I've seen  
you do to your fellow man  
you disgust me  
all you say is trust me

be all that you can be  
destroy all you see  
as if you mattered  
now it's us against us  
the greed overcomes  
cause we are all  
blind, deaf, and dumb
