

Lari White, Just Thinking

(Lari White)

I was just thinking how nice it would be
To have someone to kiss me good night
I was just thinking what I really need
Is someone to hold me real tight
I was just thinking
Of finding somebody I could mean everything to
And it's funny you should happen to walk into my life
'Cause I was just thinking of you

I was just thinking of a walk in the rain
Underneath an umbrella for two
I was just thinking of the sound of my name
On the lips of a lover so true

I was just thinking
Of a moment of magic that lasts a whole lifetime through
And it's funny you should happen to walk into my life
'Cause I was just thinking of you

I've felt your tender touch in every romance I've read
And I've seen your sweet smile in my dreams
There's a feeling I get, like we've already met
And it's almost too good to believe

I was just thinking of a moment of magic
That lasts a whole lifetime through
And it's funny you should happen to walk into my life
'Cause I was just thinking of you
