

# Lari White, Lay Around And Love On You

(Bobby David/David Gillon)

Monday mornin', 6 a.m.  
Time for me to go to work again  
But all I wanna do is  
Lay around and love on you  
7:30, but I don't care  
What you're doing is gonna keep me here  
'Cause all I wanna do is  
Lay around and love on you

Lay around and love  
Lay around and love on you  
You've got me so turned on  
Honey, I can't turn you loose  
Hope nobody calls  
Got the phone off the hook  
We're gonna try everything in the book  
All I wanna do is  
Lay around and love on you

Lay around and love  
Lay around and love on you  
You've got me so turned on  
Honey, I can't turn you loose  
It's so much fun just foolin' around  
I'm gonna be here when the sun goes down  
'Cause all I wanna do is  
Lay around and love on you  
Yeah, all I wanna do is  
Lay around and love on you
