

Lari White, Ready, Willing And Able

(Jess Leary/Jody Alan Sweet)

I know you're wary, you've been hurt before
But it's time to move on, now, and close that old door
Open your heart, wipe those tears from your eyes
You've got my number, don't even think twice

If you need a shoulder strong enough to lean on
If you need a hand that fits like a glove
If you need a heart then hold on steady
Cause I'm ready, willing and able to love

You think it over, my offer still stands
And if you're still uncertain, I'll say it again

If you need a shoulder strong enough to lean on
If you need a hand that fits like a glove

If you need a shoulder strong enough to lean on
If you need a hand that fits like a glove

If you need a heart then hold on steady
Cause I'm ready, willing and able to love
I'm ready, willing and able to love
