

# Lari White, You Can't Take That From Me

(Liz Hengber/Tommy Lee James)

You can have all the furniture.  
You can have the new car.  
But that first kiss.  
You can't take that from me.

Take the CDs and books.  
No, I don't care, they're only things.  
But what we shared.  
You can't take that from me.

I'm leaving with no regrets.  
'Cause I loved you and I'll never forget.  
'Cause I loved you and all that we had.  
That we once were perfect together.  
And that's mine forever to keep.  
Oh, you can't take that from me.

You can kill all our dreams.  
For tomorrow, but I'll still have.  
My dreams when I go.  
You can't take that from me.

Oh I'm leaving with no regrets.  
'Cause I loved you and I'll never forget.  
'Cause I loved you and all that we had.  
Oh we once were perfect together.  
And that's mine forever to keep.  
Oh, you can't take that from me

My heart will lead me on.  
I won't give up.  
'Cause I still have faith, in true love.  
You can't take that from me.

Oh no, you can't take that from me.
