

Larkin Grimm, Going Out

I'm going out tonight,
I'm gonna find a new man,
I'm going out tonight.
I'm going out tonight,
I'm gonna find a new man,
I'm going out tonight.
He better be strong enough,
He better be dark enough,
He better be strange enough for me.
He better be strong enough,
He better be dark enough,
He better be strange enough for me.
I'm going out tonight,
I'm gonna find a new man,
I'm going out tonight.
I'm going out tonight,
I'm gonna find a new man,
I'm going out tonight.
He better be strange enough,
He better be dark enough,
He better be strong enough for me.
He better be tall enough,
He better be strange enough,
He better be dark enough for me.
