

# Larue, Near To Me

I close my eyes to take it in  
you've found me  
I breathe your mercy once again

you are so holy  
i want to  
know you like you  
know me

\*chorus\*  
It's your love that makes me alive  
it's your love that makes me alive  
and i feel it everytime  
you're near to me  
you make my heart sing  
you're near to me  
you are my everything

I sing to you I bring to you  
all of me that you see  
Im letting go all my  
fears so

\*chorus\*  
It's your love that makes me alive  
it's your love that makes me alive  
and i feel it everytime  
you're near to me  
you make my heart sing  
you're near to me  
you are my everything

You are so holy  
I want to  
know you like you  
know me

\*chorus\*  
It's your love that makes me alive  
it's your love that makes me alive  
and i feel it everytime  
you're near to me  
you make my heart sing  
you're near to me  
you are my everything
