

Larue, No Goodbyes

If I could look back on me what would I see?/ I'd see this as
a dream coming to a place that's/ Been our heart and soul/
See the pieces in our life/ Falling faster into time/ And in the
end I want to say/ Chorus / no goodbyes / Just smile
Don't cry/ To embrace/ Life live in this time/ I don't know how
long or far we'll go/ But I know that You have called us
so/ Been our heart and soul/ We've done it all with no
regrets/ And to be the first who says/ Chorus
