

Larue, Unite

I feel the tension in our lives
We're waiting for the Son to rise
I feel the closing of this time
God is calling forth His bride

And she will unite in our lives
As we fall in love with Christ
Yes, we will unite in this time
If we're bold enough to say

CHORUS

Now we stand together
Singing praise of surrender
Lord, heal our hearts and make us one

We are the ones who will proclaim
The power of God upon this age

And we will unite in our lives
As we fall in love with Christ
Yes, we will unite in this time
If we're bold enough to say

REPEAT CHORUS

Heal our hearts and make us one
Heal our hearts and make us one
Make us one
Make us one
