

# Laura Broad, Nobody Can (Feat. Chris Brown)

Nobody can but you  
Nobody can but you

Nobody can  
Nobody can  
Nobody can but you  
/3x

I ain't gonna lie of feeling cause I need it  
And I'm digging you a lot  
Not used to catching feelings  
But I'm feeling all your sparks  
No kidding and I hit it  
I've been ?all your spots  
Playing with your mind

You know it's been an end story  
Fight for your love and the glory  
You deep, deep in my arms  
Baby this night, tonight  
Baby tonight nobody can lie in the dark  
Nobody can feel all my heart  
I can love you, hold you, touch me baby

Baby tonight  
Nobody can cry like the rain  
Nobody can broke off these chains  
I can love you, hold you, touch me baby

Nobody can but you  
Nobody can, nobody can but you

I ain't gonna stop  
That I've finish, I've been heating  
I've been fucking with the lights on  
Dance with the?  
Giving all I've got  
Nobody, but my body  
Scratching, screaming?

I've searched all my life  
For a missing heart beat  
Nobody can find, could give me the heat  
Show me the love  
The love in my soul  
Baby this night, tonight

Baby this night, tonight  
Baby tonight nobody can lie in the dark  
Nobody can feel all my heart  
I can love you, hold you, touch you baby

Baby tonight  
Nobody can cry like the rain  
Nobody can broke off these chains  
I can love you, hold you, touch you baby

Nobody can but you  
Nobody can, nobody can but you

This party, hey  
Nobody to know but you

Baby this night, tonight

Baby tonight nobody can lie in the dark  
Nobody can feel all my heart  
I can love you, hold you, touch you baby  
Nobody can but you  
Nobody can, nobody can
