

Laura Pausini, Mi Libre Cancion (English Version)

In a world that,
lives without love,
you are
my free one,
song
And the immensity,
opens all around,
it passes all the limits of the heart.
The feeling is born,
in half of the weeping,
and it goes into the highest cry,
and it goes
And it flies over the gesture of people,
to all noblest indifferent one,
it moves away the warm kiss of love,
of pure love
In a world that,
prisoner is,
free we breathed,
you and I.
But the truth,
clearly shines today,
and clear its music, sounded
New sensations,
new emotions,
they are expressed purely, in you.
And the hair of the ghost of the past,
falling it leaves the picture immaculate

a timid wind of love is raised,
of pure love I cover myself in you,
sweet loved one that, does not know the way,
it does not know that of me.
I will come. Along side you. If you want
The wall falls one day,
covered in wild roses,
revives or not, rises or not
Abandoned forest
and for that reason surviving virgin
it is opened or not, it is closed or not

In a world that,
prisoner is,
free we breathed,
you and I.
But the truth,
clearly shines today,
and clear its music, sounded
New sensations,
new emotions,
they are expressed purely, for you.

And the hair of the ghost is in the past,
falling it leaves the picture immaculate
a timid wind of love is raised,
of pure love I cover myself in you
I cover myself in you.
