

# Lauri Johannes Ylönen, In the City

You and me 'til the end of time  
Tears of joy in my eyes as you walk down the aisle  
We'll never be apart  
Made a vow in front of everyone  
We would dance 'til the dawn to welcome the new sun  
We'll never be apart.

But somewhere in time in the distant horizon  
a seed of the storm a shadow was born  
I couldn't change should have known myself better  
I should have known I belong.

In the city  
Such a lonely sky in the city  
Miss you like a fool I admit it  
I belong to the city  
For a minute  
I though I was in love for a minute  
Such a silly though I admit it  
I belong to the city.

As I'm leaving your loving arms  
Tears of joy in my eyes as I walk out the door  
The ring lies on the floor.

I don't know why but I don't feel sorry  
for you and I for anyone else  
You'll be alright you deserve to be loved  
by someone who loves no-one else.

So I guess I was blind  
too young for your heart  
To hell with the line 'til death do us part  
Don't cry for yesterday it was meant to be this way  
So baby goodbye.
