

Lauryn Hill, I Had To Walk

Babies, they must first learn how to crawl before they walk
Oh and, Children they must first learn how to speak before
they talk

I had to walk to get there, I had to walk

There is a season to everything on the earth
What came first
There is a reason, and after death, there is rebirth
For what its worth

I had to walk to get there, I had to walk to get there

Everytime I face adversity, it causes me to grow,
Oh you didn't know
Everytime you thought you were hurting me, you caused me to
grow
Oh you didn't know, Oh you didn't know

I had to walk to get there, I had to let go to get there, I
had to walk to get there, I had to walk

Walk.....walk.....Walk....walk.....Walk.....walk.....
