

Le Tigre, Sixteen

So they say I was sometimes cruel
I dont know if I would say that too
Oh I, I dont know about that
Everyday the sky reminds me still
Yr not here and it always will
Oh I, I dont know about that

You

I try my best to play along
Like nothings over and no ones gone
But I, I dont know about that
I dont know about that

If I tried harder youd, still be here
Is it true?
Oh I, I dont know about that
I dont know about that
