

Leaf-Fat, Choose Your Reality

Vivimos la vida muerta
Pero reinamos con la cabeza abierta
Jugamos la partida corrupta
Somos muy profesionales

You see what you believe
Believe what you see
Everything you know
From a magazine

But i've been laughing at you
And you don't even know why i'm laughingfor
Podemos abrir la ventana
El viento nos da la perfeccion santa

You hear what you believe
Believe what you hear
Everything you are
I've seen on the tv

But i've been laughing at you
And you don't even know why i'm laughingfor
